**TO CONTINUE INSPECTION OF LAWNS AND GARDENS**

Judges of Park View Premises Unable to Complete Task in Single Day.

Although yesterday's inspection of lawns and gardens in Park View was continued as the final one in the contest being conducted under the auspices of the Park View Citizens' Association, the judges, including Commissioner Brownlow, Maj. Fullman, William F. Jude and others, were unable to examine all the premises, and will continue the inspection Thursday.

They will leave the District building, 12:30 o'clock Thursday, and after the inspection will be entertained at a buffet luncheon at the home of John G. McGrath, president of the association, at 425 Minor place northwest. Owners of premises are requested to be present during the inspections.

The executive committee of the association will meet tonight at the residence of Mr. McGrath to consider improvements for that section to be recommended to the Commissioners, and plans for the Park View community celebration to be held October 18-22. Winners of the lawns and gardens contest will be announced during the celebration.

**Coal Barge Is Floated.**

Consolidation Coal Company's barge No. 21, one of the fleet of schooner barges that take coal from this city and other bay ports to those in New England, which was grounded in Vineyard sound in collision with the steamship Gloucester of the Merchants and Shipbuilders, has been taken to Vineyard Haven for temporary repairs that will enable her to be brought to Baltimore for permanent repairs.

## MAJ. JULIAN L. SCHLEY RELIEVED OF DUTIES HERE

Assistant to Engineer Commissioner Ordered to Proceed to New Orleans.

MAJ. JULIAN L. SCHLEY.

Maj. Julian L. Schley, Corps of Engineers, who has been stationed in this city since October 8, 1912, as an assistant to the Engineer Commissioner of the District, and for a shorter period, as executive officer of the public utilities commission, today was relieved of those duties, to take effect October 1, and ordered to proceed to New Orleans for duty in connection with the improvement of the lower Mississippi river, including the South and South-west paces.

At the War Department, it is stated, that there is no significance in the relief of Maj. Schley, further than the fact that he has completed his four-year tour of duty in this city, and the services of an officer of his grade is required in the Louisiana district. Under the regulations of the Corps of Engineers an officer is not continued in service on one station for more than four years, except in cases of special necessity.

No officer of the army will be detailed to duty with the District government to succeed Maj. Schley, it is stated at the War Department, because the Engineer Commissioner still will have two engineer assistants, and also because it has been decided to appoint a civilian to perform the duties as executive officer of the public utilities commission heretofore devolving on Maj. Schley, to the exclusion of engineering duty.

## U. S. TO SEND BELGIAN PROTEST TO GERMANY

Statement Regarding Forced Loan of \$200,000,000 Will Go Without Comment.

The protest filed with the State Department by the Belgian legation against an enforced loan of \$200,000,000 said to have been imposed by German military authorities upon Belgian banks probably will not be forwarded to the German government without comment.

Ambassador Gummery may make inquiries in regard to the German director of the National Bank of
